

INDEX TO BENCHMARKS, VOLUME 12 (1991)

FOCUS AND GENERAL INFORMATION

JANUARY: Computer Viruses

Computer Viruses Increase, Threaten Program and Data Integrity	
World-Wide.....	1
Fears of Computer Virus Attack From Eastern Europe Grow.....	4
Victims Help Sought in Prosecution of Virus Author.....	4
Virus Protection Programs Available on the UNT BBS.....	5
Anti-Viral Archives Available.....	5
Viral and Security Related Interactive Mailing Lists.....	9
Academic MVS Upgraded.....	10
SPSS Available on VM/CMS.....	10
SPSS Available for the Macintosh.....	10
Latest Version of the IMSL Library Installed.....	10
New Lotus Product Deemed Invasion of Privacy by Some.....	11
OS/MVS JCL: The Sequel.....	11
Benchmarks FORUM.....	12
Viruses at UNT.....	12
Information Resources Council News: December 18, 1990.....	13
E-Mail — How Private Is It?.....	14
Staff Activities.....	14
The BITNET Connection.....	15
You Can't be Too Careful.....	15
LIST of the Month.....	16
VIRUS-L@LEHIIBM1.....	16
1991 Spring Short Courses.....	17
Opportunities for Scholarship.....	18

FEBRUARY: Potpourri

A Little of This, A Little of That.....	1
The New Metro Lines Are Here!.....	3
USENET: An Overview.....	3
Never Underestimate the Power of the People.....	8
U.S. Supreme Court Decisions Available On-line.....	8
NETLIB Addendum.....	9
Desert Storm E-mail.....	10
The BITNET Connection.....	10
BITNET, Your Gateway to the World.....	10
LIST of the Month.....	11
DESERT-L@BITNIC.....	11
Benchmarks FORUM.....	12
VAX downloading.....	12
Internet Help.....	13
1991 Spring Short Courses.....	12
OS/MVS JCL: Concatenated Data Sets.....	14

MARCH: The UNIX Issue

UNIX System for Research.....	1
S. Gil Hired as UNIX Systems Programmer.....	3
Solbourne and UNIX: an Introduction.....	3
D/FW UNIX User's Group.....	8

The UNIX Shell.....	9
Introductory Remarks for UNIX Users.....	9
On-Line Bibliographic Data Base Document Updated.....	10
Internet-Accessible BBSs.....	11
Mailing Binary Files.....	11
The BITNET Connection.....	12
How Can I sign onto BITNET?.....	12
LIST of the Month.....	13
AIX-L@BUACCA.....	13
Staff Activities.....	14
Benchmarks FORUM.....	15
New Internet User Questions.....	15
UNIXland/Netland.....	16
OS/MVS JCL Utilities: IEBCOMPR.....	17
Spring Break Lab Hours.....	18

APRIL: Thesis and Dissertation Production

The Theme of This Issue.....	1
Preparing Your Thesis or Dissertation With a Microcomputer.....	3
SPSS 4.1 Available for Testing on OS/MVS.....	5
Using Secondary Data Sources for Your Thesis or Dissertation.....	5
COMPUSTATII.....	6
The BCIS Department is Really HOT!!.....	8
Using IMSL for Research.....	9
The Digital Dissertation: A Better Answer for the Future.....	10
How to Find Out if Your Data are Heteroscedastic.....	10
1990 CRSP Data Information.....	11
ICPSR Summer Programs.....	17
Report from SUGI 16.....	17
STATLIB: Public Domain Statistical Software.....	19
More NETLIB Public Domain Mathematical Software.....	19
NSF Grants Bulletin Board Established.....	20
The BITNET Connection.....	20
Guidelines for Electronic Mail on BITNET (or Anywhere Else).....	20
LIST of the Month.....	21
HUMANIST@UTORONTO.....	21
Benchmarks FORUM.....	22
Frequently Asked Questions.....	22
Information Resources Council News: January 15, 1991.....	23

MAY: Computers and Your Health

Computers and Health — Issues and Protective Measures.....	1
Highlights of the San Francisco Worker Safety Ordinance, December 1990.....	4
Avoiding Carpal Tunnel Syndrome: A Guide for Computer Keyboard Users.....	5
Computing Could Be Hazardous to Your Health.....	7
Monitor Emissions: What We Know and Don't Know.....	10
Take the Pain Out of Computing.....	11
New Study Rules Out VDT-Miscarriage Link.....	11
Director of Academic Computing Resigns, Acting Director Named.....	12

Call for Papers	12
Staff Gives Presentations, Receives Honors	12
Important ID Code News	13
Semester Break Hours	13
Going Somewhere? Please Read This	14
The BITNET Connection	14
Managing that Mail	14
LIST of the Month	16
MEDNEWS@ASUACAD	16
National "Information Highway" a Real Possibility	16
Information Resources Council News: March 19, 1991	17
Benchmarks Forum	17
Health Risks and Computer Use	17
Work Aids	19
The Chronicle of Higher Education to go "On-Line"	19

JUNE/JULY/AUGUST: Computing and the Environment

Computing and the Environment	1
Your Fax Machine Could Save the Earth	3
Recycling at UNT	4
UNT Buildings in the Recycling Program	4
Recycling News — Three Month Report	4
Recycled or Reused	5
How to Control Your Junk Mail	5
Environmental Mailing Lists	8
Nationwide Environmental Networks: March 1991 Version	9
Microcomputer Support, Data Communications Combine	16
Transitions	16
Computing Center Staff Climbs to New Heights	16
Calls for Papers, Conference Registration	16
Library List Updated	17
Individual User-IDs Expire	17
The BITNET Connection	17
Networks and Social Change	17
LIST of the Month	18
BIOSPH-L@UBVM	18
Benchmarks FORUM	18
Environmental Discussion Groups on the Nets	18
Information Resources Council News: April 23, 1991	19
Access CompuServe From the Internet	20
1991 Summer Short Courses	20
OS/MVS JCL Utilities: IEBGENER and IEBPTPCH	21

SEPTEMBER: Back to School Issue

Academic Computing in Changing Times	1
1990-91: The Academic Year in Review	2
Student Computing Facilities at UNT	5
Do You Have Surplus Terminals?	6
Location of General Access Labs	6
Hours of Computer Lab Operation	6
Network and Microcomputer Services	7
Staff Activities	7
Documentation Available from Academic Computing Services	8
1991 Fall Short Courses	10
Information Resources Council News: May & June Meetings	11
USENET News Changes	13
The Network Connection	13
"The Network Connection"	13

LIST of the Month	14
BITNET LISTSERV Mailing Lists on ANUnews	14
CALL 3280 No Longer Available	14
A UNT Wide Area Networking Chronology	15
Benchmarks FORUM	16
Microcomputer Help	16
Calls for Papers, Conference Registration	17
NREN Still in the Works	17

OCTOBER: Databases

Databases	1
Commercial Databases Available to Academics: Dialog's Knowledge Index Service	3
Manuscript Information Exchange Database Established	4
Classroom Databases at UNT	5
Wide Area Information Servers on the Internet	5
An Overview of Academic Computing Services	6
Academic Computing Services Roster	7
ACS Staff Report	9
1991 Fall Short Courses	10
Recycling Efforts Pay Off	11
Information Resources Council News: July 16, 1991	11
1991 CRSP Datasets Replaced	12
Alternative NETLIB Access	12
Archie: A New Way to Get Information About Anonymous FTP Sites	13
The Network Connection	13
Internet Library Catalogs	13
LIST of the Month	13
PACS-L@UHUPVM1	14
TCP/IP for VM	14
Changes in Employment Affect Your User-ID	16
New Electronic Journal Debuts on the Internet	17
Benchmarks FORUM	17
PC —> VAX —> BITNET	17
Call for Papers, Conferences, and Other Items of Interest	18
Project Ideals	18
Research Libraries Group Introduces Arabic-Script Cataloging	19
New Options for the WordPerfect School Software Program	19
Computer Quote of the Month	19

NOVEMBER/DECEMBER: The Internet

The Internet: An Electronic Global Village	1
The Internet Society	3
BBSing Around the Internet	4
Internet Society Charter	4
The Network Connection	4
Getting Started on the Internet	4
LIST of the Month	6
INFONETS	6
The Weather Underground Keeps You Informed	8
Special Internet Connections	8
USENET: An Overview	9
Guidelines for Newsgroup Creation/Deletion/Modification on the UNT	12
USENET Hierarchy	12
National Research and Education Network to Replace the Internet	14
General Access Lab Holiday Hours	14
ACS Staff Activities	14
Choosing an Electronic Mail System	15

HYTELNET Upgraded.....	15
Benchmarks FORUM	16
COBA Laser Printer?	16
Information Resources Council News: September 17, 1991 Meeting...	16
Information Resources Council News: October 15, 1991 Meeting	17
United Nations Records in RLIN Database	18
Calls for Papers, Conferences, and Other Items of Interest	18

MICROCOMPUTERS

JANUARY: Computer Viruses

What You Can Do the Bible With a Computer.....	19
MICRO-TIPS	19
Protecting Your Amiga From Viruses	19
AppleSEED Meeting Scheduled	20

FEBRUARY: Potpourri

Virus Alert	15
MICRO-TIPS	15
For More Information Call: CHKDSK	15
Interested in Joining a Ventura Publisher User Group?.....	17
Speakers for AppleSEED Sought.....	17

MARCH: The UNIX Issue

Some PC Viruses Described.....	19
MICRO-TIPS	19
Allowing Others Access to Your WP Office Mail.....	19
WordPerfect Demo to be Featured at WP Users Group Meeting	20

APRIL: Thesis and Dissertation Production

Some PC Viruses Described.....	25
MICRO-TIPS	25
Software License and Warranty Agreements	25
Safe Computing Thwarts Viruses	27
Nasty MAC Trojan Discovered in Canada.....	28
Protecting Your Computer Hardware & Peripherals from Theft	29

MAY: Computers and Your Health

Save on Software	20
Do You Have an IBM PS/2	20
MICRO-TIPS	20
EDUCOM/NCRIPTAL Higher Education Software Awards.....	20
Duke University Press to Close, All Software 50% Off	21
Did You Know?.....	21

JUNE/JULY/AUGUST: Computing and the Environment

MICRO-TIPS	23
Useful PC Command-line Utilities — CED	23
VIRUS Update.....	24
PRODIGY Practices Questioned.....	25
WordPerfect Users Group Summer Schedule.....	25

SEPTEMBER: Back to School Issue

MICRO-TIPS	18
Don't Forget the Drivers	18
Warning: PC Tools 7.0 and Norton Utilities 6.0.....	18
Protecting Your Files (DOS).....	19
WordPerfect Users Group Fall Schedule	19

Virus Update.....	19
-------------------	----

OCTOBER: Databases

DOS 5.0: A First Look.....	20
WordPerfect Users Group Schedule	20
Virus Update.....	21
MICRO-TIPS	21
Variable Forms in Rbase for DOS.....	21
Dbase File Structure	22

NOVEMBER/DECEMBER: The Internet

GimmeFest '91 -or- How to Attend Networkworld Dallas	19
A First Look at DOS 5.0, Part II: The Quest for 640K	21
Virus Update.....	22
MICRO-TIPS	22
Resetting Your Computer's Clock.....	22

VAX/UNIX SYSTEMS

JANUARY: Computer Viruses

ANU News 6.0	22
BEST OF THE BBS	22
FPROT Virus Detection Program	22
McAfee 72 Virus Detection Program	23
FracInt 15.1 Uploaded.....	23
Updated Mac Virus Detection Programs	23
Dbase Ruled Public Domain	25
VAXCLUSTER USAGE STATISTICS	24
VAX System News.....	24
Skiing You Can Bank On.....	25

FEBRUARY: Potpourri

VAX CLUSTER USAGE STATISTICS.....	18
BEST OF THE BBS	18
Pascal for the Amiga	18
Disk Errors on Amigas.....	19
BBS Sysops and GTE	19
Telnet VT-102 emulation	19
VAX System News.....	19

MARCH: The UNIX Issue

BEST OF THE BBS	28
Coherent.....	28

APRIL: Thesis and Dissertation Production

VAX CLUSTER USAGE STATISTICS.....	32
Compressing Your VMS Mail File.....	32
BEST OF THE BBS	32
File Library	32
Utilities.....	33
True Type Fonts	33
The UNIX Shell.....	34
Using folders in elm.....	34
UNIX News	34
UNIX Users Group.....	34

MAY: Computers and Your Health

VAX CLUSTER USAGE STATISTICS.....	22
Solbourne Update	22
BEST OF THE BBS	22

Amiga.....	22
Communications	23
IBM PC.....	24
MAC	25
PROGRAMMING	25
New Computer Access Metro Lines Go Production	26
SAS Now Available on Solbourne.....	27
Using TPU Within elm	27
The UNIX Shell.....	28
Using nn.....	28
VAX/UNIX News.....	28

JUNE/JULY/AUGUST: Computing and the Environment

VAX CLUSTER USAGE STATISTICS	26
BEST OF THE BBS	26
Amiga.....	26
Communications	27
IBM PC.....	27
Programming	27
The UNIX Shell.....	26
I/O Redirection	26

SEPTEMBER: Back to School Issue

VAX CLUSTER USAGE STATISTICS	20
BEST OF THE BBS	20
Amiga.....	20
Communications	21
File Library	22
IBM PC.....	23
MAC	24
Programming	24
Solbourne Usage Statistics	22
VAX/UNIX News.....	24
Log On When?.....	26
ACS Offers Workstation Consulting	26
The UNIX Shell.....	27
First time User Information.....	27
Sun Software Support License.....	27
All I Really Need to Know I Learned from My Computer	27

OCTOBER: Databases

VAX CLUSTER USAGE STATISTICS	24
VAX/UNIX News.....	24
BEST OF THE BBS	24
Communications	24
File Library	26
IBM PC.....	27
MAC	27
The UNIX Shell.....	28
Solbourne mail.....	28

NOVEMBER/DECEMBER: The Internet

VAX CLUSTER USAGE STATISTICS	23
BEST OF THE BBS	23
File Library	23
IBM PC.....	24
Programming	24
VAX/UNIX News.....	24
The UNIX Shell.....	26

More About nn	26
---------------------	----

ADMINISTRATIVE COMPUTING**MAY: Computers and Your Health**

Shifting Workload from Mainframes to LANs Using Natural Connection and Clipper	29
